Red NOT COMPATIBLE!
DO NOT MIX PRODUCTS
WORKING IN OPPOSITES!

Blue TANK MIX COMPATIBLE – BUT USE HIGHER WATER
VOLUME/LOWER APPLICATION RATES WITHIN
APPLICATION RATE GUIDELINES.

Green TANK MIXING COMPATIBLE WHEN MIXED WITHIN AP-
PLICATION RATE GUIDELINES.

Yellow Recommendations :
Dew Control, Stand Up + Poa Buster Are stand alone products, do not tank mix.
When including wetting agents in the tank mix, agitation may course excessive foam. A anti-foam is recommended.
Best efforts have been made to show tank mix compatibility, when tank mixing products always check the tank mix
using "Standard Jar Test" Prior to tank mixing on site.
